

# IMC Clubs - Mastering the Art of Instrument Navigation

The IMC Clubs concept is to bring together IFR-rated pilots who fly in real-world "actual IFR" and provide them an opportunity to share stories, network with the larger pilot community, and gain valuable insights and tips for their IFR flying - <http://imcclubs.cloverpad.org>

**Directions:** Their office is on the northwest corner of Town Center. I found that the easiest way to find your way in is to go to the intersection of 115th and Nall, and then go one short block east. Turn south onto Ash, and then turn right into the SECOND driveway. This will lead you into the parking garage on the west side of their office. There is a walkway from the fourth floor of the parking garage that leads straight into their lobby.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

## Event Details

**Sat, Apr 12, 2014 - 9:00 am**

**Tortoise Capital Advisors**

11550 Ash Street Leawood KS  
Suite 300

Leawood, KS 66211
